

Welcome to the

THE
Divine
COLLECTIVE

Are you a seeker, spiritual junkie, healer, intuitive, teacher, wizard, witch, oracle, psychic, or clairvoyant?

You are invited to join us!

What is the Divine Collective?

The Divine Collective is a gathering of sacred souls to raise the vibration of the planet, shine our light on the world and create a ripple of love.

There are 3 aspects to the Divine Collective: The Divine Collective Community, The Divine Collective Academy and the Divine Collective Counsel

- The Divine Collective Counsel is ideal for those who have a business or wish to create a business. The counsel consists of past students who have taken the Soul Care coaching program and have a desire to serve more people and wish to step into their own light. This is ideal for heart-centered business owners who need additional support to have the deepest level of success in all aspects of life.

Not a past student but ready to share your gifts and be part of the counsel... let's talk? We can always find a way if it meant to be.

- The Divine Collective Academy is for those who are ready to become master students and dive more deeply into their sacred journey.
- The Divine Collective Community is for those who have a desire to change their world by learning and sharing.
